BALL HOCKEY TEAMS IN NORTH AMERICA

WWW.BALLHOCKEY.COM

ARE YOU READY FOR THE CLASH?

The Montreal Red Lite All Star team continued to dominate at the Canadian National level, winning their 12th National title and securing their spot at the top of the list. We have left the Midnight Express in the two spot ahead of the Niagara War Pigs, but these two organizations are neck and neck in Ontario, with Midnight winning the Summer Tier 1 League very decisively, but The War Pigs taking both the North American and WOBHC Championships in 2016. The War Pigs struggled at the Nationals this year, but remain a top indoor and outdoor team in Canada.

The Niagara Rebels have won big cash at the Bauer Clash of the Titans in 2013 and 2015 and remain a solid Ontario team in the 4th spot in the list and 15 teams will get a shot to knock them down at this year's Bauer Clash of the Titans.

Boston Saints are 17-0 versus the top U.S. teams and lead the Americans, Gods, Fusion and Arsenal in the USA teams on the list.

The All Star Newfoundland Black Horse have been moved back up the list with their finalist showing in B.C. at the Canadian Nationals and semi-finalists Edmonton Savages and Vancouver Bruins have been given some recognition further up the list.

Teams from 11-25 on the list are all arguably deserving of being further up or down the list and we look forward to events in the next 2 and a half months to see if someone has earned a change. This remains more of an art than a science, so please send up your thoughts on why we have missed your team always ready for assistance in creating this list.

Next up Some USA National level events and the Bauer Clash of the Titans.

Thanks,

Brian Broley
